1	optional: 15 ml tube of M. Graham Artist's Watercolors, Phathalo Green	same
1	optional: 15 ml tube of M. Graham Artist's Watercolors, Permanent Alizarin Crimson	same

Other Notes: In this 6-week class we will learn how to develop your photograph of a landscape scene that inspires you into a watercolor painting. Bring an 8 ½" x 11" color copy and another in black and white of a simple landscape photo that you like, with little or no architecture or people. You can have more than one reference photo of the same scene. We will not copy the photograph but will use watercolor painting techniques to create your personal landscape painting.

This class is better suited for students who have had previous experience painting in watercolor and are familiar with color mixing and basic watercolor techniques.

There are **student palettes** available for use at the Walters, but I recommend you purchase a flat palette with a lid and plenty of space to mix color in. I particularly like the original John Pike palette. Colours in Hillsboro, Dick Blick in Beaverton, Merri Artist in McMinnville or dickblick.com or merrartist.com or amazon.com or cheapjoes.com have palettes with lids. **This is optional.**
